

*Barb Calbow, Vice-President*

*Barb Calbow is an office manager for a locally owned medical supply company in Cedarburg, Wisconsin and came to be involved in Trees From Home in a very organic way. She puts it this way: "During the fall of 2009, Julie Stulhmacher mentioned she was going to send 144 Christmas trees/packages to her daughter-in-law's unit serving in Iraq. I said I would be honored to help...it has been a labor of love that has grown by leaps and bounds ever since. I'm honored to be a part of this organization that brings Christmas and a bit of home to those who are currently serving our country overseas." In particular she really appreciates the notes of thanks the organization receives back from the troops who are themselves sacrificing for our freedoms here at home.*

*Barb's commitment honors her father, a Navy veteran and her husband of 35 years, Dan, who is an Army veteran.*
