

*Bridgette Bugni, Board Member*

*Bridgette Bugni comes to Trees From Home by way of Japan. It was after a tree was sent to her youngest son, a Marine stationed in Japan, that she became familiar with the organization. A thank you call to a board member and a desire to "pay it forward" brought Bridgette in to decorate her first tree. An enthusiastic mother and grandmother she has worked as a baker and security supervisor. She and her husband Mark enjoy football, baseball, bike riding and strolling through the Milwaukee County Zoo. With her eighth grandchild on the way she delights in sharing her spare time with Trees From Home and looks forward to many years of service to the troops.*
